

IMPACT

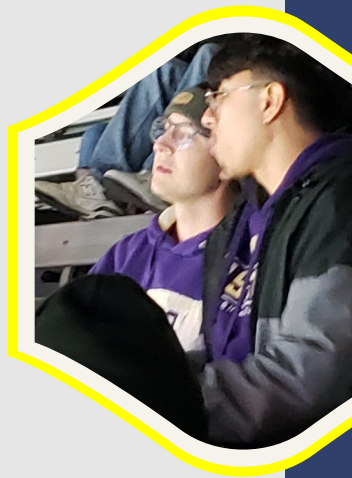

REPORT 2023

NORTHWEST SARCOMA FOUNDATION

HOPE • EDUCATION • SUPPORT

NO ONE SHOULD FACE SARCOMA ALONE.

NO ONE SHOULD FACE SARCOMA ALONE.

Strategically Improving to Shape our Future

Our Mission: To provide hope, education, and support to anyone affected by Sarcoma in the Pacific Northwest while investing in research to improve cure rates for Sarcomas.

The Northwest Sarcoma Foundation seeks to ensure that everyone who faces Sarcoma in the Pacific Northwest has a care team behind them. Our resource and outreach programs reflect our values:

- Compassion — Building a supportive and understanding Sarcoma community while providing comfort through our programs.
- Advocacy — Promote Sarcoma awareness to support early diagnosis.
- Responsibility — Funding regional and national Sarcoma research to drive advancements towards a cure.
- Education — Connecting anyone affected by Sarcoma with accurate and reliable resources.

Through prevention education, survivorship, and treatment research, we are fighting to end the devastating impact Sarcoma has on our lives.

We design and enact our programs with this mission and values in mind. We believe reporting accurately where the foundation currently stands and goals for the future are important in communicating to donors the foundation's commitment to contributing to the Sarcoma community through transparency and responsibility to take sustainable actions and measuring progress over time.

Strategically Improving to Shape our Future

Improved Volunteer Committees

Volunteer committees took part for the first time in our annual planning. Shaping and targeting our future.

Completed Implementation of Donor Relationship Management software

Finishing the last of our Murdock grant awarded in 2021, we have finished developing our donor relationship management system to better communicate, track, and support our donors.

Furthered our Corporate Partner Relationships

Launching a formal Corporate Partnership program in 2021, we have seen exponential growth in their support of our efforts to improve the lives of our Sarcoma community.

Encouraged Program Growth

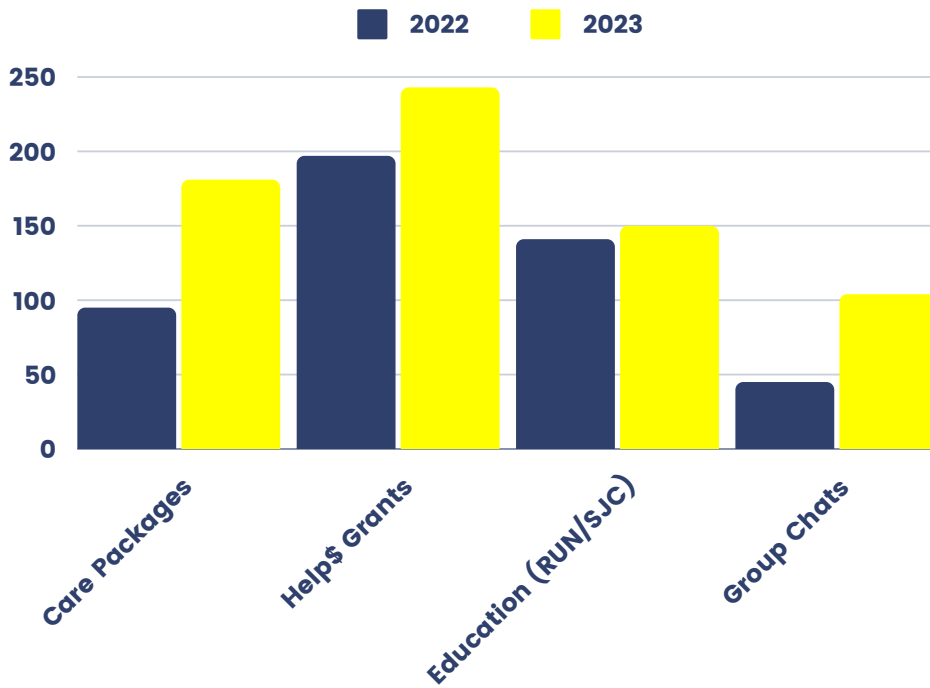

Year-over-year programs that were developed and implemented over the past 3 years have seen growth in attendance throughout 2023. Plus, launching a new donor program, the Dragonslayer Tribute Fund program. This program allows family and friends to start a fund in honor or memory of their loved one.

2023 Dragonslayer Tribute Funds

The Tribute funds were started by
family and friends to support the
mission of the NWSF.

*Program launched in Oct. 2023

Matt Emlen

We thank you for your continued
support in our efforts to support the
Sarcoma community.
